For over 67 years, Polish Assistance has been providing compassionate care for the needy in our Polish American Community. Your support of Polish Assistance has been vital to meeting the needs of people in crisis.

Our mission has not changed as indicated on one of our original calls to action! Unfortunately, these needs still exist.

The Polish Assistance's mission is to provide assistance, to persons of Polish origin who are at risk or in crisis due to poverty, mental or physical illness.

- ⇒ Your support enables us to bring stability to these individuals by providing basic needs for housing, food and healthcare.
- ⇒ We serve an aging population that unfortunately will not be able to achieve long-term financial stability and most will be life long recipients of our aid.
- ⇒ We help these individuals in a foreign land live out their lives with dignity.
- ⇒ We rely 100% on your financial support as we do not receive any assistance from local, state nor federal agencies. Your compassion and generosity will bring critical care to those who need it the most.

As an organization, we value human dignity and are committed to be an agent for positive change, hope and healing. We are resilient and your donations enable us to continue supporting those in crisis.

Thanks to you!

- ◆ After 2 years in the US and widowed while pregnant with her 5th child, this proud mother reports that 8 years later, she and the children are doing well. Kids are involved in many activities at school and 2 eldest are in college. They are very thankful for the assistance they have been receiving from us and others in the community.
- ◆ Still on a feeding tube, two years after being admitted to a hospital, this homeless man is thankful for his holiday packages and Polish newspapers. Unfortunately, he is estranged from his family here and in Poland.
- ◆ What prospects does an amputee in a wheelchair have as he moves from shelter to shelter? A blind woman in a wheelchair with serious health issues? They rely on assistance from us.
- ◆ And these are just a few of our recipients. Our 4 oldest recipients are over 90 years old.
